Attachments: SEPA comment.doc

Hi Todd, I was forwarded your comments on the SEPA. We are ready to begin applying for those permits you mentioned. I tried calling you several times earlier this week but didn't catch you in the office. Rusty said the property line issues were cleared up with the help of our surveying folks, but you would need to talk to him to if you want a more detailed explanation. I'll be around all day today and will try to touch bases with you on the phone. Thanks,

Marty Peoples
